

Excavation/Laborer - Water Utility

The Lake County Department of Utilities is accepting applications for the position of Water Distribution System Maintenance. Excavation experience including waterline, valve and hydrant repair and installation, service connections and meter setting; road repair experience including concrete and asphalt road, driveway and sidewalk removal and replacement are preferred. Good written and verbal communication skills and the ability to have effective working relationships with fellow coworkers, public officials and the general public are preferred. Requirements of the position will include physical labor, including working outdoors in all types of weather conditions. Must be available for emergency call out response at all hours of the day and night including weekends and holidays. A valid Ohio Driver's license with a safe driving record and a drug screening are required. Applicant must possess or be able to obtain a Class A CDL with air brake endorsement within 6 months of hire. Starting salary is \$18.42. Send resumes to William A. Margalis, Director of Administrative Services, 105 Main Street, Painesville, Ohio 44077 by February 22, 2013.
